

YEAR 9 NEWSLETTER

April 2018

WELCOME TO OUR CLASS

We have got a packed out Summer Term with our upcoming 50th school celebration! Please look out for more information as the school organise this wonderful event!

We also have one more class tutor tripwch is also going to be very exciting and different.

WHAT WILL WE BE LEARNING ABOUT IN SUMMER?

Below is an outline of the things we will be learning about this year. If you have any questions please ask. We still have special days. Notes will be put into diaries to ensure you know what is happening. Please, please check diaries!

As always, please ask if you have any questions at all. Diaries are checked every day or if you prefer a phone call, please leave me a message and I will get back to you as quickly as I can. I look forward to working with you.

Miss Deoray

ENGLISH	This half term we will be looking at instructional texts and poetry. It would be really helpful if you could reinforce instructions at home by looking at gadgets or things you tell the students.
MATHS	In maths this term students will initially be focusing on geometry and securing their ability to name and identify 2D and 3D shapes by their properties. They will also be looking at position and direction, using and interpreting language to identify and describe the position of an object on a picture or map. Following this they will focus on improving their multiplication and division skills then using these within problem solving questions.
SCIENCE	This half term students will be focussing on Light.
ICT	In ICT the main focus of lessons will be to look at using search engines effectively for primary research and image searches.
PSHE	In PSHE we are learning about ourselves, managing growth, positive and stable relationships and our strengths and qualities as workers.
PE	The focus this half term in PE will be Hockey and Rounders.
DESIGN TECHNOLOGY	In DT we will be designing and making hand games that need some dexterity.
FOOD TECHNOLOGY	Food technology will focus on looking fruit and vegetables.
SMALL ANIMAL CARE	We will continue to learn how to care for animals safely and what the animals need. We have a guinea pig, a rabbit, a chicken and fish to look after.
ENTERPRISE	This half term we will be evaluating a range of products on the market.
