ARE YOUR MEDICAL AND EMERGENCY DETAILS UP TO DATE?

9th September 2019

Dear Parents / Carers & Students

Welcome to Post 16!

In Post 16 at Rigby Hall we aim to get our students ready for life after school. Our curriculum covers a wide range of skills from becoming part of a community to employments skills and from developing our health and well-being to learning valuable life skills. Along every step of the way, we encourage our students to become independent and considerate young people.

Already this year the students have applied for jobs in our community café. The new team will run Café Magique every Monday from 12-2.30pm in term time. They serve a selection of sandwiches, homemade soups, quiche and cakes. The cafe supports a local homeless charity as well providing the students with additional funds for trips and treats. The students have already shown great enthusiasm for the opportunity to start working.

Our current curriculum includes work on Functional Maths and English skills which are based predominantly around projects in the community. We also offer the students accredited courses in work skills (Workright or Employability), Independent Living Skills and Towards Independence. These qualifications are all underpinned by core personal qualities such as independence, resilience, being able to adapt and having good communication skills which form a huge part of our work across all aspects of our curriculum.

As a team, we feel our young people have a huge amount to offer, as staff our aim is support to follow their aspirations and encourage them to believe in themselves! We look forward to working with all of the students and their families during their time in Post 16.

Rhian Smith, Trudy Hood, Beth Richards, Zoe Carter & Lesley Spencer

“Valuing every achievement”
