Happy New Year!

Hello to all our lovely parents and carers who have children in school and at home. We are all learning very differently this year but we remain proud of each and every one of our children for their efforts and hard work, especially with anxieties and emotions added in this current situation. Children are following the normal curriculum and those at home have the same lessons available on our team's page, which are exactly the same as what we are doing in school.

We have started our video calls with a few technical hitches this week. I would just like to say thank you for all your patience and hard work with this. It is very new to us all. Please email us if you require any further work or support whilst you are off with your children. We have emailed work and posted work for those unable to access teams or that have children who struggle with a laptop.

Just a few reminders:

Forest School – On a Monday (old, warm clothes are needed) that will be worn all day. Please can children have Wellies in this muddy weather.

PE is on a Friday – PE kit needed (will be worn all day), it is too cold for shorts at the moment.

Please bring in reading books on a Monday, ready to be changed Friday.

Topic

Our topic this half term is 'Space'. If you would like to complete any mini projects on Space that would be fantastic!

English – Fact files/leaflets and brochures

Maths – Statistics and money

Geography – Environments

History – Ancient civilisation, technology.

ICT – Data recording

Art – Art linked to Space – 3D art / Space Art / Artists who studied space

PE – Gymnastics

RE – Creation story vs Science

Science – Space – movement of the Earth, moon, sun, planets etc.

Can't wait to see you all together when things are safe.

Jayne, Adam, Sam and Michelle
