

## 4.2 Autumn Term 2 Newsletter.

What a rewarding half-term. We all took part in themed activities and continued with our exam courses. We all have had fantastic success in our maths Measuring assessment which means there are only two more units to complete for the whole qualification!

We have recently returned from a very festive trip to Worcester Cathedral where we extended our learning from the Humanities sessions around places of worship and we visited the Christmas tree exhibition. This also gave us a chance to experience the Christmas Market which we all really enjoyed.

We asked Mr O'Brien for a quote to add to the newsletter and he came up with this:

“You have all made positive progress this half-term and I'm really pleased with the positive attitude everyone has shown towards developing communication and active listening. Let's have a great 2022”.

We all wish you a happy festive holiday and we will give you an update as we start 2022.

From class 4.2
