

4.1's Newsletter

Autumn 2

Everybody in 4.1 have been having such a great half term!

All the pupils have been making excellent progress in their accredited courses.

We really enjoyed our trip to the Black Country Living Museum to take part in their Manufacturing at Work Day. We got to experience so many exciting things including a pit stop challenge on a Formula One car and casting our own spanners out of pewter.

We also had an amazing time on our trip to Worcester Cathedral to see the sensory Christmas tree that we created on display as part of the Christmas Tree Festival. It was wonderful to see the beautiful and interesting designs and knowing we were part of that. We were also able to look around the Victorian Christmas Market to compare the religious and social aspects of Christmas. It was lovely to see all in 4.1 being so polite when conversing with stall holders and making purchases.
