

Summer 2 Newsletter

This half term we will be basing our learning around the theme of 'Transport'. Our Literacy work will be based around the story 'The Train Ride' and we will be learning to retell the story using a story map, sound buttons and props. Each week we will build upon our skills and gain confidence in retelling the story in our own way or be able to explore pictures from the book with increased focus.

Our Maths learning is based on money. We will be learning to role play shopping with our peers and begin to match coins and count out the correct amount to pay for an item.

Our Physical Development is focused on Athletics skills, in particular jumping and running. We will be working up to having races in lots of different ways.

We will be learning all about oral hygiene this half term, learning to brush our teeth with support, following visual prompts. In cooking we will be focusing upon keeping ourselves healthy, including washing hands, as well as fruit and vegetables before we use them. We will also continue to focus on our emotional self-regulation, learning to use personalised strategies to calm when needed with support.

In Expressive Arts and Design, we will be learning to make models of transport out of different construction materials, as well as develop our imaginary play through role play journeys on different modes of transport.

PE continues to be on a Monday morning. Forest School is on a Thursday. As the weather gets warmer, please ensure pupils still have a long sleeve top and trousers to wear in the forest due to stinging nettles and brambles.

We have Ryan (Teaching Assistant) supporting us in Saplings for most of the week. The children are enjoying him being in the class helping them to learn.

This year has flown by and all the children have made amazing progress. We are all looking forward to seeing them progress even further! Keep checking Tapestry for all the amazing learning they are doing.
